

North Shore Road Safety Improvements 2018-19

Projects in Kaipātiki

Safety engineering improvement projects 2018-19	
Hamilton Place / Chivalry Road	Glenfield School – intersection safety improvements.
Chartwell Ave / Bentley Ave Intersection	Glenfield School – intersection safety improvements.
Kauri Glen Road	Northcote College pedestrian safety facilities.
Rodney Road / Queen street	Pedestrian Zebra crossing and traffic calming measures.
Chivalry Road	Glenfield School – Speed tables x 2.
51 Birkenhead Ave, Birkenhead	Pedestrian Zebra Crossing.
1 Hammond Place, Birkenhead	Pedestrian Zebra Crossing.
12 Compton St, Hillcrest	Pedestrian Zebra Crossing.
5 Sylvia Road, Hillcrest	Pedestrian Zebra Crossing.
Hinemoa St/Enterprise St and Huka Rd/Mokoia Rd	Installation of two raised pedestrian crossings and intersection improvements.
Highbury Bypass / Mahara Ave	New pedestrian refuge island on Highbury Baypass and new refuge spitter island on Mahara Ave to provide connectivity from town centre to recreation centre.
Lake Road crossing between Onewa Road and Raleigh Road	Install of a signalised mid-block pedestrian crossing to provide a prioritised crossing for pedestrians.
Kawana Street	Installation of a zebra crossing to provide a prioritised crossing for pedestrians.

Other safety improvement projects 2018-19	
Hinemoa Street Zebra Crossing	Installation of a zebra crossing to provide a prioritised crossing for pedestrians.
Archers-Coronation intersection improvement	Roundabout proposed. Treatment to improve safety at this complex intersection
Wairau Road / View Road intersection, Wairau Valley	Signalisation of the intersection to reduce delays for vehicles turning into and out of View Road. Installation of pedestrian signals on all four legs to provide safe crossing facilities. Likely to be constructed in 2019-20
Bruce Street – Onewa Road intersection, Northcote*	Installation of new side island and modification to the shape of the central island on Bruce Street to prevent cars from illegally turning right into Onewa Road. Likely to be constructed in 2019-20

Projects in Devonport-Takapuna

Safety engineering improvement projects 2018-19

Vicinity of Karaka Street	Taharoto Road mid block pedestrian crossing facilities.
422 Lake Road, Takapuna	Pedestrian zebra crossing.
208 East Coast Road, Forrest Hill	Pedestrian zebra crossing.
58 East Coast Road, Milford	Pedestrian zebra crossing.

Other safety improvement projects 2018-19

Castor Bay Road - Beach Road intersection, Castor Bay	Installation of kerb buildouts to slow down turning vehicles into and out of Castor Bay Road and shorten the crossing distance for pedestrians crossing Castor Bay Road. Realignment of the existing zebra crossing on Beach Road.
Jutland Road, Waitematā Road and Walter Street, Hauraki	Installation of new school patrolled raised zebra crossings on Waitematā Road and on Walter Street to provide safe crossing facilities for pedestrians walking along Jutland Road. Upgrading the existing zebra crossing on Jutland Road outside the Hauraki School gate into a school patrolled raised zebra crossing. Installation of a new pedestrian refuge island on Jutland Road to provide a safe crossing point for pedestrians walking to and from the Lake Town Green playground.
Killarney Street zebra crossing	Installation of a zebra crossing to provide a prioritised crossing for pedestrians.
Northern Busway (outside Westlake Girls High School), Takapuna	Relocation of the zebra crossing to meet the desire line of pedestrian walking to and from the school.
260 Forrest Hill Road, Forrest Hill*	Upgrading the existing pedestrian refuge island to a zebra crossing to provide prioritised crossing for pedestrians.
19 Sunnynook Road, Sunnynook*	Installation of a pedestrian refuge island between Morton Avenue and Tobago Place to provide a safe crossing point for pedestrians.
Inga Road Road – Commodore Parry Road, Milford* East Coast Road/Sunset Road/Constellation Drive*	Upgrading the existing pedestrian refuge island to a pedestrian crossing to provide a prioritized crossing for pedestrians. Investigating optimisation of intersections including potential signalisation of East Coast Road/Sunset Road

Pedestrian safety and shared path network expansion 2018-19

Victoria Road at Calliope Road	Street safety improvements and speed management.
--------------------------------	--

Speed management investigations 2018-19

Devonport Town Centre – 30km/hr speed limit with engineering measures to reduce traffic speeds and make it safer for vulnerable road users.
Milford Town Centre – 30km/hr speed limit with engineering measures to reduce traffic speeds and make it safer for vulnerable road users.

Road safety and school travel behaviour activities 2018-19

18 active Travelwise school programmes and 22 active walking school buses, along with re-engaging inactive Travelwise schools and walking school buses.

Driver distraction campaign.

Motorcycle and scooter safety workshops.

Safe speed awareness campaign.

Red light running campaign and educational events with NZ Police.

Deliver a learner licence community programme.
